NOTES

Soaking Recommendation. Although our sinks feature a durable, high-quality PVD coating, we recommend using a separate container for soaking. This helps minimise prolonged exposure to chemicals and cleaning agents, helping preserve the sink's finish and appearance.

Due to our policy of continuous development, all designs and measurements are intended only as a guide and are subject to change without notice. Being hand made products they are subject to a size variance E&OE. This brochure is representative of the actual products at time of printing. Please confirm all particulars before purchase. Casa Lusso recommends having the product on site before commencing rough in.
